

Power-Kleen CR

Carbon Removal Additive

Power-Kleen CR is a biodegradable, no-VOC, low ph additive for assisting Power Kleen detergents in tough carbon removal task. It safe for use with steel, iron, aluminum, other soft metals, and plastics.

Power-Kleen CR

- Formulated with surfactants for removal of carbon, grease, and soils
- Non-VOC by CARB definition per ASTM D1298
- Designed with ingrediants that are biodegradable and low toxicity to protect your workers and be green to the environment
- Excellent for cleaning in industrial equipment rebuilds
- Designed to improve cleaning at temperatures above 160°
- Contains no silicone to interfere with new coatings or paint

APPLICATION GUIDELINES

Power-Kleen CR is designed for use with any of the Power-Kleen Detergents:

- Washing light soils 1 to 3% by volume of reserivior capacity
- Washing heavier soils 4 to 6% by volume of reserivior capacity
- Useable temperature range 160° - 190°. Higher temperatures increase effectiveness

Technical Data

Form:	Liquid	VOC:	None (CARB definition- ASTM D1298)
Color:	Hazy	Flash Point	>200 deg.F
pH (as is)	10-11	Boiling Point	>200 deg F
Storage Stability	Excellent, keep from freezing		

MIXING INSTRUCTIONS

For MART Power Washers: Heat the water to at least 160°F. Open and secure the Power Washer door. Carefully and slowly pour ½ to 8 oz of detergent per gallon of water over the door frame and through the expanded metal internal reservoir cover in the washer. Close the washer door and start the pump to mix the detergent.

For all other cleaning equipment: Add chemical carefully and as instructed by the machine manufacturer. Avoid “dumping” of chemical directly into washer reservoir. Violent exothermic (heat released) reactions, splashing of heated chemical solutions and the premature release of fumes may occur. If chemical must be added to the solution, slowly pour chemical into solution while continuously mixing.

PACKAGING

Part Number	Package Size
85202	1 gallon
85203	5 gallon
85204	55 gallon

- Shipping: Ships UPS or Truck, Next day Available

HEALTH AND SAFETY

Avoid contact with chemical and solution. Avoid inhaling fumes. Instructions can also be found on the Power-Kleen CR label, MART Tech Services Website or reference the MART Power Washer Operating Manual. Get the most recent MSDS from our website at www.marttechservices.com or call MART Tech Services.
