SECTION 1 - PRODUCT AND COMPANY IDENTIFICATION.

Mart Tech Services
2450 Adie Rd.
Maryland Heights, MO 63043
800/543-6278
INFOTRAC: 800-535-5053

PRODUCT NAME: Power-Kleen V
PRODUCT DESCRIPTION: clear amber color
CHEMICAL FAMILY: alkaline detergent
REVISION DATE: 05/11/11 PRINT DATE: 04/09/12 PRINT TIME: 10:17

SECTION 2 - COMPOSITION, INFORMATION ON INGREDIENTS.

ACGIH TLV: 3 PPM (TWA); 6 PPM (STEL);

NOTE 1 - Section 313 Supplier Notification: “SARA Rep.” identifies chemical ingredients subject to reporting requirements of Section 313 of the Emergency Planning and Community Right-To-Know Act of 1986. This information should be included in all MSDS’s that are copied and distributed for this material.

SECTION 3 - HAZARDS IDENTIFICATION

HEALTH------------------- 2
INSTABILITY------------- 0
FIRE--------------------- 0
OTHER------------------- x

Hazard Signal (short term contact or inhalation only)
HAZARD SIGNAL (short term contact or inhalation only):
   Health - 2
   Instability - 0
   Fire - 0
   Other - x

(0=insignificant; 1=slight; 2=moderate; 3=high; 4=extreme)

THRESHOLD LIMIT VALUE: N.E., blended product. See Section 2 for information on listed ingredients.

PRIMARY ROUTES OF ENTRY: Eye contact, Skin contact, Inhalation of spray.

EFFECTS OF ACUTE OVEREXPOSURE:
Eyes - Severe irritation, or burns possible.
Skin - Irritation, or burns possible with prolonged contact.
Inhalation of mist of product or solution - Irritation of respiratory tract.
Swallowing - Irritation or burns of mouth, throat and stomach. Stomach upset.

EFFECTS OF CHRONIC OVEREXPOSURE: None expected beyond acute effects.
Contains amines. There could possibly be liver or kidney effects with extensive over exposure, based on animal studies of amines. Additionally, some people develop skin sensitization to amines.

CARCINOGENICITY: This product or its ingredients have not been identified as a carcinogen or probable carcinogen by NTP, IARC monographs, or OSHA.

MEDICAL CONDITIONS AGGRAVATED BY EXPOSURE: Dermatitis and similar skin disorders.

SECTION 4 - FIRST AID MEASURES.
EYES - Immediately flush with cool running water holding eye lids apart. Remove contact lenses if present, and continue flushing for 15 minutes. Get medical assistance if irritation persists or is severe.

SKIN - Flush thoroughly with running water. Remove contaminated clothing and wash before reuse. If irritation develops and persists, get medical advice or assistance.

INHALED - Remove to fresh air. Immediately call for medical advice or assistance if breathing difficulty or irritation is severe or continues.

SWALLOWED - Rinse mouth with large amounts of water. Drink water, milk or other fluids to dilute. Do not induce vomiting. Call for medical advice or assistance if difficulties and discomfort develop and continue.

SECTION 5 - FIRE FIGHTING MEASURES.

Flash Point: Na
Flammable Limits: LEL-UEL: Na

Extinguishing media: As needed for surrounding fire.

Special Fire Fighting Procedures: For any chemical fire wear self contained breathing apparatus, and protective clothing to prevent contact.

Unusual Fire and Explosion Hazards: None.

Hazardous Combustion Products: Carbon monoxide, carbon dioxide.

SECTION 6 - ACCIDENTAL RELEASE MEASURES.

Small Spills, less than 1 gallon: Wear glasses and rubber gloves and recover as practical. Flush spill area to drain with excess water.

Large Spills: Only knowledgeable and properly protected people should work with a large spill. Get professional assistance if necessary. Stop source of discharge if safe to do so. Evacuate unprotected personnel from the immediate area. Contain spilled material, and keep from discharging to surface waters. Recover to drum for later use, treatment or disposal. Recover using alkali resistant pump, scoops, absorbent material, or other process as appropriate. Neutralize with dilute solution of vinegar or citric acid. Flush contaminated area with excess water to drain. Notify local, state, or national authorities if required.

Disposal: Product and un-neutralized solutions are alkaline. Dispose of according to national, state, and local rules.

SECTION 7 - HANDLING AND STORAGE.

Handling: Avoid unnecessary contact with product. Avoid breathing mists of product or solution. Wash after use. Prevent contact with incompatible materials; see Section 10.

SECTION 8 - EXPOSURE CONTROLS, PERSONAL PROTECTION.
Ventilation: General or local to avoid exposure to irritating mists of product or solutions.

Respirator: None normally required. NIOSH/MSHA approved respirator where conditions may cause exposure limits to be exceeded from dust of product or mists of solutions.

Eye Protection: Glasses, goggles, or face shield to prevent eye exposure.

Protective Clothing: Chemical resistant, impermeable gloves as needed to prevent excessive contact. Full body covering covering and shoes as needed to prevent excessive contact.

Other Protective Equipment or Measures: Eye wash stations in the work area.

### SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

### SECTION 10 - STABILITY AND REACTIVITY.

Stable: Yes. Hazardous Polymerization will not occur.

Conditions to Avoid: Contact with incompatible materials (see below).

Incompatible Materials: Strong acids.

## DISCLAIMER.

The above information is, to the best of our knowledge, current, accurate, and complete based on information reasonably available to us as of the date of preparation of this form. However, it is the user's responsibility to determine the safety, toxicity and suitability for his or her own use of the product described herein. Since the actual use by others is beyond our control, no guarantee, expressed or implied, is made by us as to the effects of such use or on the safety or toxicity of this product. Nor do we assume any liability arising out of use by others of the product. Nor is the information herein to be construed as absolutely complete, since additional information may be necessary or desirable when exceptional conditions or circumstances exist or because of applicable laws or regulations.
